CONTENTS

Vol. 73, No. 1, December 25, 1960

PAGE

Fresen, O. The Morphological Determination of the Retothelial System and its Pathogenetic Importance 1

Yamaguchi, I. and **Okuguchi, S.** Blood Pictures in Stomach Cancer, Especially on Their Relation with Cancer Progress. Second Report : Red Cells and Hemoglobin..... 22

Yamaguchi, I., Suzuki, T. and **Motoki, R.** Blood Pictures in Stomach Cancer, Especially on Their Relation with Cancer Progress. Third Report : Serum Calcium 27

Yamaguchi, I., Inoue, K., Nishiyama, Y., Suzuki, T., Yoshinari, T., Okuguchi, S., Motoki, R. and **Onuma, K.** Blood Pictures in Stomach Cancer, Especially on Their Relation with Cancer Progress. Fourth Report : Supplement and Conclusions..... 31

Suzuki, M., Murakami, Y., Abe, T. and **Kumagai, I.** A Study on the Sensitivity of the Target Organ to Female Sex Hormones 37

Ishida, N. and **Ōsato, T.** Initial Reactions during Influenza A Virus Invasion into L Cells. Second Report : Growth Characteristics of Myxoviruses in Tissue Culture 46

Ishida, N. and **Homma, M.** A Variant Sendai Virus, Infections to Egg Embryos but not to L Cells. Third Report : Growth Characteristics of Myxoviruses in Tissue Culture..... 56

Ida, M. Effect of Acute Hypothermia upon the Noradrenaline and Adrenaline Content of the Adrenal Gland in the Cat..... 70

Kato, M. The Conduction Velocity of the Ulnar Nerve and the Spinal Reflex Time Measured by Means of the H Wave in Average Adults and Athletes 74

Hosada, S. and **Takase, S.** The Histochemical Studies on Leucine Aminopeptidase Activity of Human Gastric Cancers 86

Yamamoto, S. and **Yamauchi, T.** Organization of Tactile Dermatomes in Bullfrog..... 96

Vol. 73, No. 2, January 25, 1961

Shiratori, T. and **Kinoshita, H.** Electromyographic Studies on Urinary Tract. II. Electromyographic Study on the Genesis of Peristaltic Movement of the Dog's Ureter 103

Sasano, N. The Origin of the Ponceau-fuchsinophilic Cells of the Human Adrenal Cortex and Their Progressive and Regressive Changes in the Fetal and Postnatal Periods 118
Moriyama, H. Studies on X-Agent. VI. Effect of X-Agent on Red Blood Cells 127
Moriyama, H. Studies on X-Agent. VII. Time-Fluctuation of X-Agent 147
Shiratori, T. and **Kinoshita, H.** Electromyographic Studies on Urinary Tract. III. Influence of Pinching and Cutting the Ureters of Dogs on Their EMGs 159
Chichibu, S. Electrical Properties of Glycerinated Crayfish Muscle Fiber 170
Sasano, N., Okamoto, T., Takahashi, T. and **Suzuki, S.** An Autopsy Case of Primary Chromoblastomycosis Arising from the Internal Organs. Dark-brown Granulomas in the Liver and the Brain without Skin Symptoms, Observed in a Smoking Child 3 Years Old 180
Taira, N. Origin of Hippocampal Seizure 191

Vol. 73, No. 3, February 25, 1961

Ôsato, T. and **Ishida, N.** The Development of Sendai Virus in Earle's L Cells as Revealed by Fluorescent Antibody Staining. (Growth Characteristics of Myxoviruses in Tissue Culture, 4th Report) 201
Homma, M. A Particular Binding of L Cell-Grown Sendai Virus by Host L Cells. (Growth Characteristics of Myxoviruses in Tissue Culture, 5th Report) 215
Sasaki, R. The Electrocardiographic Sequelae of Right Ventriculotomy in Patients with Ventricular Septal Defect 230
Sasaki, H. and **Kabata, Y.** The Method How to Eliminate Inhibitors in Human Serum for the Hemagglutination Inhibition Titration when an Asian P Virus was Used as an Antigen. (Studies on Several Inhibitors against Influenza Viruses, 5th Report) 247
Shiratori, T., Nagase, M., Kudō, H., Kikawa, T. and **Kabata, Y.** Characterization of Non-specific Hemagglutinin Inhibitors Detectable in Experimental Animals. (Studies on Several Inhibitors against Influenza Viruses, 6th Report) 249
Nagase, M. and **Kabata, Y.** Possible Destruction of the Antibody by Treating Human Serum with KIO_4. (Studies on Several Inhibitors against Influenza Viruses, 7th Report) 250
Ishida, N., Kudō, H., Shiratori, T. and **Nagase, M.** Studies on the P-Q Variation of Influenza A2 Viruses 251
Sato, T., Koseki, K., Watanabe, K., Kurokochi, I. and **Takahashi, M.** Electrophoretic Studies on Liver Protein. Report IV. A Speciality of

Liver and Biliary Tract Diseases Viewed from Liver Protein Patterns.. 252
Hirai, I. Studies on the Temperature of the Gastrointestinal Tract. Thirteenth Report. Responses of the Intragastric and Intraduodenal Temperatures to Various Drugs 257
Kurokawa, T., Masuda, H., Ichikawa, K., Sato, M. and **Ohara, S.** Studies on the Skin Test of Yato-Byo (Ohara's Disease, Turaremia in Japan). Fourth Report: Results of the Skin Test in Miyagi Prefecture 268
Kurokawa, T., Masuda, H., Hirai, I., Ichikawa, K., Kato, T., Miyamori, A., Takano, A., Ohira, S., Abe, K. and **Isobe, M.** Clinical Observations on Peptic Ulcer in Japan. I. Clinical Incidence of Peptic Ulcer 274
Kurokawa, T., Masuda, H., Hirai, I., Ichikawa, K., Kato, T., Miyamori, A., Takano, A., Ohira, S., Abe, K. and **Isobe, M.** Clinical Observations on Peptic Ulcer in Japan. II. Environmental Factors 294

Vol. 73, No. 4, March 25, 1961

Nakamura, T., Takizawa, T. and **Takishima, T.** A Comparative Study of the Metal Miner's Silicosis and Coal Worker's Pneumoconiosis 309
Nakamura, T. and **Takishima, T.** Cardiopulmonary Function Test in Patients with Pneumoconiosis 335
Nakamura, T., Takizawa, T. and **Takishima, T.** Chronic Pulmonary Emphysema. –Its Pathogenesis and Check Valve Mechanism–..... 349
Sasano, N. Functional Zonation of the Human Adrenal Cortex with Special Reference to Hyperadrenocorticism and Aging Process, and Its Significance in Pathology 363
Oomura, Y. and **Tomita, T.** Some Observation Concerning the End-Plate Potential 398
